

Installation of hdf5 on Linux

You can download the sources from [here](#)

Decompress it.

Then run the following commands:

```
./configure  
make  
sudo make install
```

If you want to specify where to install the software. Replace:

```
./configure
```

by

```
./configure --prefix=<install-path>
```

Where <install-path> is where you want to install it.
